

## UNITED STATES DISTRICT COURT

for the  
District of South DakotaIn the Matter of the Search of  
(Briefly describe the property to be searched  
or identify the person by name and address)

Case No. 5:20-mj-93

INFORMATION ASSOCIATED WITH THE FOLLOWING FACEBOOK USER:  
USERNAME: "Dani Brown"; VANITY NAME: "djobrwn91"; AND FACEBOOK ID:  
100000416263270, FOR EVIDENCE OF A CRIME OF SEXUAL ABUSE OF A  
MINOR AND COMMERCIAL SEX TRAFFICKING INVOLVING CHARLES  
RICHARDS, JR.

## APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property (identify the person or describe the property to be searched and give its location):

SEE "ATTACHMENT A", which is attached to and incorporated in this Application and Affidavit.

located in the \_\_\_\_\_ District of \_\_\_\_\_ South Dakota \_\_\_\_\_, there is now concealed (identify the person or describe the property to be seized):

SEE "ATTACHMENT A", which is attached to and incorporated in this Application and Affidavit.

The basis for the search under Fed. R. Crim. P. 41(c) is (check one or more):

- ☒ evidence of a crime;
- ☒ contraband, fruits of crime, or other items illegally possessed;
- ☒ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section	Offense Description
18 U.S.C. §§ 2241(c) and 1153	Sexual Abuse of a Minor
18 U.S.C. §§ 1591(a)(1)(2), 1591(b)(1), and 1591(c)	Commercial Sex Trafficking

The application is based on these facts:

- ☒ Continued on the attached sheet.
- ☐ Delayed notice of \_\_\_\_\_ days (give exact ending date if more than 30 days: \_\_\_\_\_) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet

FOR EVIDENCE OF A CRIME OF SEXUAL ABUSE  
OF A MINOR AND COMMERCIAL SEX  
TRAFFICKING INVOLVING CHARLES RICHARDS  
JUNIOR.

**AFFIDAVIT IN SUPPORT OF**  
**AN APPLICATION FOR A SEARCH WARRANT**

State of South Dakota    )  
                                      ) ss  
County of Pennington    )

I, Christian Corwin, being duly sworn, state as follows:

1. I am an investigative or law enforcement officer of the United States, within the meaning of 18 U.S.C. § 2510(7) and am empowered by law to conduct investigations of and to make arrests for offenses enumerated in 18 U.S.C. § 2516.

2. I have been a Special Agent with the FBI since January 2009. I am currently assigned to a criminal squad with the Minneapolis Division of the FBI, Rapid City Resident Agency, and investigate a multitude of Federal criminal violations, including crimes in Indian country on the Pine Ridge Reservation.

3. The information set forth below is based upon my knowledge of an investigation conducted by the FBI and the investigation of other law enforcement agents and officers. I have not included each and every fact obtained pursuant to this investigation, but have set forth those facts that I believe are essential to establish the necessary probable cause for the issuance of the search warrant.

4. I make this affidavit in support of an application for a search warrant for information associated with a certain Facebook user ID, "Dani Brown"; vanity name: "djobrwn91"; and Facebook ID 100000416263270, hereinafter referred to as the "Target Account." The contents of the Target Account are in the possession of the FBI. The information to be searched is described in the following paragraphs and in Attachment A.

5. The Target Account was previously sought in connection with a homicide investigation involving suspect Ricky Bagola. FBI SA Erik Doell was the affiant in that matter. The Target Account was downloaded via the secure Facebook law enforcement portal by the FBI on March 23, 2020 and saved to a DVD. A second search warrant was sought by SA Doell on April 1, 2020 to review the material contained on the DVD pertaining to the Target Account.

6. Following the execution of the second search warrant on April 1, 2020, your affiant learned from Assistant United States Attorney Megan Poppen that Dani Jo Brown was in contact with minor S.C. and Charles Richards, Jr. via Facebook Messenger. Minor S.C. is the victim of a sexual assault by defendant, Charles Richards, Jr. that occurred during the summer of 2019.

7. Based on my training and experience and the facts as set forth in this affidavit, there is probable cause to believe that evidence of violations of 18 U.S.C. §§ 2241(c) and 1153, Sexual Abuse of a Minor and 18 U.S.C. §§ 1591(a)(1)(2), 1591(b)(1), and 1591(c), Commercial Sex Trafficking, are contained in the Target Account and your affiant requests permission to search the Target Account for evidence of the crimes described above.

8. Furthermore, there is also probable cause to search the information described in Attachment A for evidence, contraband, or fruits of these crimes.

9. The facts set forth in this affidavit are based on my personal knowledge; knowledge obtained from other individuals, including other law enforcement officers; interviews of persons with knowledge; communications with others who have personal knowledge of the events and circumstances described herein; and information gained through my training and experience. This affidavit contains information necessary to support probable cause for this application and does not contain every material fact that I have learned during the course of this investigation; however, no information known to me that would tend to negate probable cause has been withheld from this affidavit.

#### **PROBABLE CAUSE**

10. On July 13, 2019, Oglala Sioux Tribe Department of Public Safety Lieutenant Jesse Brewer responded to a call of a report of a disclosure of sexual assault in which minor victim S.C. was sexually assaulted by Charles Richards at the residence of Francine Janis located in East Ridge Housing, Pine Ridge, SD, in late June or early July 2019.

11. On September 6, 2019, S.C. participated in a forensic interview and disclosed one instance of forcible penile-vaginal penetration by Charles Richards after Charles Richards pulled S.C. into the house through a window prior to S.C.'s 12<sup>th</sup> birthday (July 3, 2019).

12. On October 21, 2019, your affiant interviewed Charles Richards. During the interview, Charles Richards denied sexually assaulting S.C., advised that he only met S.C. on one occasion, denied taking S.C. into his bedroom, and further denied that S.C. was pulled into his bedroom.

13. On October 28, 2019, Charles Richards submitted to a polygraph regarding whether he had sexual assaulted S.C. Charles Richards submitted to a post-polygraph interview. Your affiant participated in this interview.

14. During the post-polygraph interview, Charles Richards initially stated he saw S.C. on only two occasions and that S.C. had not been in his (Charles Richards') room.

15. Later in the post-polygraph interview, Charles Richards told of a third time he learned that S.C. had come to his house. On this third occasion, Charles Richards did not see S.C. Charles Richards indicated this was the time S.C. reported being "grabbed" through the window and sexually assaulted. Charles Richards advised, "(S.C.) was never in [his] room." And he further stated, "[S.C.] never came through [his] window." Charles Richards stated the grabbing incident S.C. disclosed occurred after his two initial interactions with S.C.

16. Later in the post-polygraph interview, Charles Richards stated that he brought S.C. in his room and gave her a joint. When asked clarifying questions, Charles Richards stated that two juvenile males present outside with

S.C. removed the window screen and assisted S.C. to enter Richards' room through the window. Once S.C. was inside Charles Richards' room, Charles Richards gave S.C. a joint and then S.C. left his room. Charles Richards denied sexually abusing S.C.

17. Your affiant is aware that Charles Richards is an enrolled member of the Oglala Sioux Tribe and that Pine Ridge, SD is within the exterior boundaries of the Pine Ridge Reservation.

18. On or about January 3, 2020, Casey Long a/k/a Casey Weston (Long) was shot and killed while standing inside of his residence in Pine Ridge. SA Doell is the case agent involving Long's homicide. Your affiant is aware that witnesses have identified Ricky Bagola as the suspect in that case. Your affiant is also aware that during the course of the investigation a search warrant was executed on the Target Account.

19. Your affiant is aware that the Target Account conversed with minor S.C. Facebook User ID: 100027502995796 from January 2, 2019, until August 30, 2019. The Target Account and S.C. discussed S.C. feeling sad and depressed, cutting her hands, needing to go to the hospital, relationships, and general day to day information. Your affiant is aware that S.C. refers to the user of the Target Account as her "mother." Your affiant is unaware of the actual familial relationship, but based on the content of the messages, S.C. cares for the user of the Target Account. Your affiant has reviewed these messages.

20. Your affiant is aware that the Target Account conversed with Charles Richards on August 10, 2019 at 14:28:34 UTC. The following excerpt is directly taken from the Target Account's (Dani Brown) Facebook Messages.

**Body** Crazy that's cool

Conversation ends.

21. Your affiant believes there is probable cause to search the Target Account for evidence of a violation of 18 U.S.C. §§ 2241(c) and 1153, Sexual Abuse of a Minor and 18 U.S.C. §§ 1591(a)(1)(2), 1591(b)(1), and 1591(c), Commercial Sex Trafficking, based on the conversation exchanged between the Target Account and Richards. Richards first inquires with Target Account about “who was that girl” you were with this morning. After a few more inquiries to Target Account, Richards again asks “Who was that girl you was at this morn[ing]”[?] Target Account inquires why Richards was asking. Richards then says he will trade a joint for something and then says “This girl for som[ething]”[.] Target Account respond “Wtf” [What the f\*\*\*] [.] Target Account respond to

Richards that the girl is her baby sister. Based on this reference, your affiant believes that Target Account was indicating that the female she was with was young and that she was alarmed by Richards' comment about trading marijuana for a young girl. Your affiant is requesting a search warrant authorizing the search of the Target Account for violations of 18 U.S.C. §§ 2241(c) and 1153, Sexual Abuse of a Minor and 18 U.S.C. §§ 1591(a)(1)(2), 1591(b)(1), and 1591(c), Commercial Sex Trafficking.

### **INFORMATION ON FACEBOOK**

22. Facebook owns and operates a free-access social networking website of the same name that can be accessed at <http://www.facebook.com>. Facebook allows individuals to specifically communicate with another person through a Facebook application called "Messenger." In my training and experience, people who engage in online criminal activity often also utilize Facebook to meet victims and other offenders and to chat. Even if Facebook was not utilized in the chat at issue, there is probable cause to believe there will be evidence regarding murder within the target Facebook account.

23. Facebook owns and operates a free-access social networking website of the same name that can be accessed at <http://www.facebook.com>. Facebook allows its users to establish accounts with Facebook, and users can then use their accounts to share written news, photographs, videos, and other information with other Facebook users, and sometimes with the general public.

24. Facebook asks users to provide basic contact and personal identifying information to Facebook, either during the registration process or thereafter. This information may include the user's full name, birth date, gender,

contact e-mail addresses, Facebook passwords, Facebook security questions and answers (for password retrieval), physical address (including city, state, and zip code), telephone numbers, screen names, websites, and other personal identifiers. Facebook also assigns a user identification number to each account.

25. Facebook users may join one or more groups or networks to connect and interact with other users who are members of the same group or network. Facebook assigns a group identification number to each group. A Facebook user can also connect directly with individual Facebook users by sending each user a "Friend Request." If the recipient of a "Friend Request" accepts the request, then the two users will become "Friends" for purposes of Facebook and can exchange communications or view information about each other. Each Facebook user's account includes a list of that user's "Friends" and a "News Feed," which highlights information about the user's "Friends," such as profile changes, upcoming events, and birthdays.

26. Facebook users can select different levels of privacy for the communications and information associated with their Facebook accounts. By adjusting these privacy settings, a Facebook user can make information available only to himself or herself, to particular Facebook users, or to anyone with access to the Internet, including people who are not Facebook users. A Facebook user can also create "lists" of Facebook friends to facilitate the application of these privacy settings. Facebook accounts also include other account settings that users can adjust to control, for example, the types of notifications they receive from Facebook.

27. Facebook users can create profiles that include photographs, lists of personal interests, and other information. Facebook users can also post “status” updates about their whereabouts and actions, as well as links to videos, photographs, articles, and other items available elsewhere on the Internet. Facebook users can also post information about upcoming “events,” such as social occasions, by listing the event’s time, location, host, and guest list. In addition, Facebook users can “check in” to particular locations or add their geographic locations to their Facebook posts, thereby revealing their geographic locations at particular dates and times. A particular user’s profile page also includes a “Wall,” which is a space where the user and his or her “Friends” can post messages, attachments, and links that will typically be visible to anyone who can view the user’s profile.

28. Facebook allows users to upload photos and videos, which may include any metadata such as location that the user transmitted when s/he uploaded the photo or video. It also provides users the ability to “tag” (i.e., label) other Facebook users in a photo or video. When a user is tagged in a photo or video, he or she receives a notification of the tag and a link to see the photo or video. For Facebook’s purposes, the photos and videos associated with a user’s account will include all photos and videos uploaded by that user that have not been deleted, as well as all photos and videos uploaded by any user that have that user tagged in them.

29. Facebook users can exchange private messages on Facebook with other users. These messages, which are similar to e-mail messages, are sent to the recipient’s “Inbox” on Facebook, which also stores copies of messages sent

by the recipient, as well as other information. Facebook users can also post comments on the Facebook profiles of other users or on their own profiles; such comments are typically associated with a specific posting or item on the profile. In addition, Facebook has a Chat feature that allows users to send and receive instant messages through Facebook. These chat communications are stored in the chat history for the account. Facebook also has a Video Calling feature, and although Facebook does not record the calls themselves, it does keep records of the date of each call.

30. If a Facebook user does not want to interact with another user on Facebook, the first user can “block” the second user from seeing his or her account.

31. Facebook has a “like” feature that allows users to give positive feedback or connect to particular pages. Facebook users can “like” Facebook posts or updates, as well as webpages or content on third party (*i.e.*, non-Facebook) websites. Facebook users can also become “fans” of particular Facebook pages.

32. Facebook has a search function that enables its users to search Facebook for keywords, usernames, or pages, among other things. Each Facebook account has an activity log, which is a list of the user’s posts and other Facebook activities from the inception of the account to the present. The activity log includes stories and photos that the user has been tagged in, as well as connections made through the account, such as “liking” a Facebook page or adding someone as a friend. The activity log is visible to the user but people who visit the user’s Facebook page cannot view it.

33. Facebook Notes is a blogging feature available to Facebook users, and it enables users to write and post notes or personal web logs (“blogs”), or to import their blogs from other services, such as Xanga, LiveJournal, and Blogger.

34. The Facebook Gifts feature allows users to send virtual “gifts” to their friends that appear as icons on the recipient’s profile page. Gifts cost money to purchase, and a personalized message can be attached to each gift. Facebook users can also send each other “pokes,” which are free and simply result in a notification to the recipient that he or she has been “poked” by the sender.

35. Facebook also has a Marketplace feature, which allows users to post free classified ads. Users can post items for sale, housing, jobs, and other items on the Marketplace.

36. In addition to the applications described above, Facebook also provides its users with access to thousands of other applications (“apps”) on the Facebook platform. When a Facebook user accesses or uses one of these applications, an update about that the user’s access or use of that application may appear on the user’s profile page. Facebook uses the term “Neoprint” to describe an expanded view of a given user profile. The “Neoprint” for a given user can include the following information from the user’s profile: profile contact information; News Feed information; status updates; links to videos, photographs, articles, and other items; Notes; Wall postings; friend lists, including the friends’ Facebook user identification numbers; groups and networks of which the user is a member, including the groups’ Facebook group identification numbers; future and past event postings;

rejected “Friend” requests; comments; gifts; pokes; tags; and information about the user’s access and use of Facebook applications.

37. Facebook also retains Internet Protocol (“IP”) logs for a given user ID or IP address. These logs may contain information about the actions taken by the user ID or IP address on Facebook, including information about the type of action, the date and time of the action, and the user ID and IP address associated with the action. For example, if a user views a Facebook profile, that user’s IP log would reflect the fact that the user viewed the profile, and would show when and from what IP address the user did so.

38. Social networking providers like Facebook typically retain additional information about their users’ accounts, such as information about the length of service (including start date), the types of service utilized, and the means and source of any payments associated with the service (including any credit card or bank account number). In some cases, Facebook users may communicate directly with Facebook about issues relating to their accounts, such as technical problems, billing inquiries, or complaints from other users. Social networking providers like Facebook typically retain records about such communications, including records of contacts between the user and the provider’s support services, as well as records of any actions taken by the provider or user as a result of the communications.

39. As explained herein, information stored in connection with a Facebook account may provide crucial evidence of the “who, what, why, when, where, and how” of the criminal conduct under investigation, thus enabling the United States to establish and prove each element or alternatively, to exclude

the innocent from further suspicion. In my training and experience, a Facebook user's "Neoprint," IP log, stored electronic communications, and other data retained by Facebook, can indicate who has used or controlled the Facebook account. This "user attribution" evidence is analogous to the search for "indicia of occupancy" while executing a search warrant at a residence. For example, profile contact information, private messaging logs, status updates, and tagged photos (and the data associated with the foregoing, such as date and time) may be evidence of who used or controlled the Facebook account at a relevant time. Further, Facebook account activity can show how and when the user accessed or used the account. For example, as described herein, Facebook logs the Internet Protocol (IP) addresses from which users access their accounts along with the time and date. By determining, the physical location associated with the logged IP addresses, investigators can understand the chronological and geographic context of the account access and use relating to the crime under investigation. Such information allows investigators to understand the geographic and chronological context of Facebook access, use, and events relating to the crime under investigation. Additionally, Facebook builds geo-location into some of its services. Geo-location allows, for example, users to "tag" their location in posts and Facebook "friends" to locate each other. This geographic and timeline information may tend to either inculcate or exculpate the Facebook account owner. Last, Facebook account activity may provide relevant insight into the Facebook account owner's state of mind as it relates to the offense under investigation. For example, information on the Facebook account may indicate the owner's motive and intent to commit a crime (e.g.,

information indicating a plan to commit a crime), or consciousness of guilt (e.g., deleting account information in an effort to conceal evidence from law enforcement).

40. Therefore, the computers of Facebook are likely to contain all the material described above, including stored electronic communications and information concerning subscribers and their use of Facebook, such as account access information, transaction information, and other account information.

**REQUEST FOR SEALING**

41. I further request that the Court order that the matter be sealed until further order of the Court. The matter is an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation. Accordingly, there is good cause to seal the matter because premature disclosure may seriously jeopardize the ongoing investigation.

**LIMIT ON SCOPE OF SEARCH**

42. I submit that if during the search, agents find evidence of crimes not set forth in this affidavit, another agent or I will seek a separate warrant.

**CONCLUSION**

43. Based on the forgoing, I request that the Court issue the proposed search warrant.

44. This Court has jurisdiction to issue the requested warrant because it is "a court of competent jurisdiction" as defined by 18 U.S.C. § 2711. 18 U.S.C. §§ 2703(a), (b)(1)(A) & (c)(1)(A).

100000416263270, FOR EVIDENCE OF A CRIME OF SEXUAL ABUSE OF A MINOR )  
AND COMMERCIAL SEX TRAFFICKING INVOLVING CHARLES RICHARDS, JR. )

## SEARCH AND SEIZURE WARRANT

To: Any authorized law enforcement officer

An application by a federal law enforcement officer or an attorney for the government requests the search of the following person or property located in the \_\_\_\_\_ District of \_\_\_\_\_ South Dakota  
(identify the person or describe the property to be searched and give its location):

SEE "ATTACHMENT A", which is attached to and incorporated in this Application and Affidavit.

I find that the affidavit(s), or any recorded testimony, establish probable cause to search and seize the person or property described above, and that such search will reveal (identify the person or describe the property to be seized):

Evidence of the crimes of Sexual Abuse of a Minor, in violation of 18 U.S.C. §§ 2241(c) and 1153, and Commercial Sex Trafficking, in violation of 18 U.S.C. §§ 1591(a)(1)(2), 1591(b)(1), and 1591(c), as outlined in the affidavit in support of the search warrant, and Attachment A, which are incorporated herein by this reference.

I find that the affidavit, or any recorded testimony, establishes probable cause to search and seize the person or property.

**YOU ARE COMMANDED** to execute this warrant on or before May 4, 2020 (not to exceed 14 days)

☐ in the daytime 6:00 a.m. to 10:00 p.m. ☒ At any time in the day or night because good cause has been established.

Unless delayed notice is authorized below, you must give a copy of the warrant and a receipt for the property taken to the person from whom, or from whose premises, the property was taken, or leave the copy and receipt at the place where the property was taken.

The officer executing this warrant, or an officer present during the execution of the warrant, must prepare an inventory as required by law and promptly return this warrant and inventory to Daneta Wollmann  
(United States Magistrate Judge)

☐ Pursuant to 18 U.S.C. § 3103a(b), I find that immediate notification may have an adverse result listed in 18 U.S.C. § 2705 (except for delay of trial), and authorize the officer executing this warrant to delay notice to the person who, or whose property, will be searched or seized (check the appropriate box)

☐ for \_\_\_\_\_ days (not to exceed 30) ☐ until, the facts justifying, the later specific date of \_\_\_\_\_

Date and time issued: 4-20-2020 2:00pm
